

Maylla Souza

Senior UX / Product Designer — Fintech, BaaS & White Label Platforms

Uberlândia, MG, Brazil · mayllats@gmail.com · linkedin.com/in/mayllasouza · behance.net/mayllats

SUMMARY

Senior UX/Product Designer with 10+ years of experience designing for fintechs, banks, and enterprise platforms. Expertise in user research, UI/UX design, design systems, and product strategy, with a strong background in Banking-as-a-Service and multi-brand White Label ecosystems. Currently leading design system governance and hi-fi product design at a stealth startup, with AI-augmented workflows for scalable execution.

EXPERIENCE

Stealth Startup

Nov 2025 — Present

Product Design Consultant · Latin America / Asia

- Structured and governed the company's design system across multiple versioned releases, including creation and promotion of global components, refactoring of semantic tokens, and conversion of components into multi-state component sets.
- Led hi-fi design for multiple features across admin and player-facing interfaces, covering event creation, operations, dispute resolution, and support flows.
- Conducted structural audits of legacy Figma files, PRD crosschecks with gap-coverage analysis, and contributed to naming and component architecture standardization.
- Established a scalable foundation between the shared design system and the player-facing kit, integrated into the development handoff pipeline.
- Integrated AI into the daily workflow as a technical execution partner for Figma API scripting, design system governance, and PRD crosschecks.

Accountfy

Nov 2023 — Sep 2025 · 1y 10m

Senior Product Designer

- Worked on key projects including a treasury product, debt management, platform improvements, and the beginning of a White Label solution for Itaú BBA.
- Designed user experiences for treasury systems focused on cash flow management, debt control, and payment optimization.
- Led the development of a customized White Label solution for Itaú BBA.
- Collaborated with product, development teams, and stakeholders to ensure scalable solutions.

Own Financial Services

Oct 2022 — Nov 2023 · 1y 2m

Staff Product Designer

- Worked at a Banking-as-a-Service (BaaS) company specializing in White Label solutions, ensuring an intuitive and efficient experience for multiple clients.
- Conducted qualitative and quantitative research to align the White Label platform with user needs.
- Created journey maps and interaction flows to enhance platform usability.
- Collaborated with developers and product teams to ensure design viability and scalability.

Paketá Crédito

Jun 2021 — Oct 2022 · 1y 5m · Remote

Design Team Lead

- Led the design strategy and product portfolio for Personal and Business Banking, with a focus on CaaS, White Label, B2B, and B2C operations.
- Developed White Label credit portals, including salary advances and loans.
- Led integration projects with Itaú and Hamlin, enabling partner companies to autonomously adjust their credit policies.
- Managed design systems and created wireframes, prototypes, and journey maps.

Social Bank

Oct 2018 — Jun 2021 · 2y 9m

Design Team Lead · Uberlândia, Brazil / Remote

- Responsible for the design strategy of digital banking solutions, digital wallets, payment cards, and business accounts.
- Developed business accounts with payroll and expense management.
- Led M&A integration projects and contributed to onboarding with Pix.
- Developed the company's Design System.

Zup Innovation

Oct 2016 — Oct 2018 · 2y 1m

Product Designer · Uberlândia, Brazil

- Worked on strategic solutions in the financial and telecommunications sectors.
- Developed solutions for API management, telecom services, and customer support tools.

V.T. Design

Jan 2013 — Oct 2016 · 3y 10m

Designer · Uberlândia, Brazil

- Created and maintained brand visual identity and designed marketing materials, both print and digital.
